night, the shopman asked in a "ryling" tone whether the lokong had a tail or not, and then whether he could read the pass if he saw it; and following on the back of these impertinent questions, the lokong stated came the "bat" on the eye.—Defendant story was entirely different. He was or pressing business, when he was challenger by Lokong 31 to exhibit his pass; and on giving him the pass. No. 31 appeared to take a very long time to decipher it. defendant said that, if the pass was a false one, he could be taken to the Station, but not thus be detained on the street. Then the lokeng began to beat him in a business like and systematic sort of style, with his baton: his eve was severely cut (plaster shown), by blow from the lokong's truncheon. -Inspector Grey said that the lokong had been about a year in the force; but that the defendant had a pass when he was brought to the Station. Defendant was bleeding from the eye, and was so frightened and in tremor, that the Inspector sent him to the Hospital defendant's trowsers were bespattered with blood. - Mr Russell ob. served that it was very unlikely that respectable shopman would refuse to show pass when he had one, and it was very certain that the constable had no whatever to strike the defendant with truncheon as he had done. Hongkong, October 29, 1868. HOLLOWAY'S PILLS & OINTMENT.

HOLLOWAY'S PILLS. THIS Medicine is universally admitted to be the most efficacious remedy known to the world. No preparation is so suitable to the climates of India and China as this fine and invigorating medicine. It is particularly adapted to the constitution of European ladies, as it is never failing in its effects in all diseases peculiar to females, while those who are attenuated by the debilitating effects of the above climates will find in this wonderful remedy a kind of talisman whereby they may insure a restora-

tion to robust health.

HOLLOWAY'S OINTMENT. The science of Medicine has never before produced any remedy that can be compared this wonderful Cintment, as it cures after all other means have failed, all wounds, sores, ulcers, and also the most inveterate skin diseases peculiar to the climates of India and China . It is the true friend of the Soldier and Civilian, as certain old sores can be removed by it that cannot be conquered by any other treat-Hongkong, February 1, 1867.
